Peebles	Fred	Nooksack River - North Cascades	SG	4	4	3	11	Nice composition. Lighting is good. The sky is distracting and should be cropped out. A little bit more contrast might have helped.
Peebles	Fred	Mt. Rainier & Reflection Lake - Sunrise	SG	5	5	4	14	A very nice photo. Composition is great and a wonderful reflection. Next time and use a neutral density filter on the sky.
Blocker	Duane	Course Check	SFG	4	3	3	10	Maybe the background is a little to soft. What's the point of the paper being held up. Nice tonal range.
Blocker	Duane	Garden Flowers	SFG	4	3	3	10	Sharp image, lots of detail. Don't find the composition pleasing. Would like to see more green at the top. Might have been better to just do the bloom and forget the leaves.
Cox	Jack	Stone Fence	SFG	3	3	3	9	A nice sharp photo. Great feeling of perspective. Nice contrast with shadow detail of the rocks. Maybe more interesting to see just the fence and pattern of the rocks.
Cox	Jack	Covered Bridge	SFG	4	4	4	12	Like the composition, like the setting however the photo is a little bright. Maybe a different time of day would have been better. A very pleasing photo.
Drake	Alice	Wild Flower	SFG	3	5	5	13	Nice colors, like the composition of the stem bending in the image. Very top and bottom touching the matting a little distracting. Like the sky and blue background. The sky makes the photo.
Guerin	Jane	Brown Eyed Beauty	SFG	4	4	4	12	Like the way color of the bloom pops out at you. Would look nicer if image maker had zoomed in on bloom or zoomed out to include full flower. Edges are too close to the petals. Bloom in upper left hand corner a little distracting. A little to much contrast.
Keith	Allen	Dewitt County Wild Flowers	SFG	4	3	3	10	Like the colors in this photo. Some of the green a little blown out. Like the composition. Looks very sharp...nice photograph. Colors seem a little bit over saturated. Photo seems a little too busy in the composition.
Deeter	Jim	Bougainvillea	SFG	3	4	3	10	Nice detail and pretty colors. Edge of image to close to the matting. Like the soft background. Maybe a bit over exposed. Really like the matting, it sets off the flower nicely.
Deeter	Jim	Nickole on Bridge	SFG	3	4	3	10	Like the composition, very nice. The girl is a little bit overblown on the right side. Nice framing and matting. Photo is too hot on one side.
Munch	Paul	Taos Pueblo - May 2005	SFG	4	5	3	12	Like the composition and the shadows. Like the deep blue in the sky. Really like this photo. Like the color in the doors, sets the photo off. Lines and shadows of the building.
Munch	Paul	Butte on the way to Page, AZ - May 2005	SFG	5	5	4	14	Gorgeous image. Exposure and composition is wonderful. Colors are beautiful. Awesome sky. Submit this for a calendar. Would be nice image for black and white as well. Maybe crop a little off the bottom so that the horizon is not so close to the center.
Macry	Dan	Whazzat!	SFG	3	4	5	12	Like this image. Very creative. A cool photo. Cropped to close to the edge of the mat top and bottom.
Montgomery	Dean	Grizzly with Fish	SFG	4	3	4	11	A very good photo. The bear is too tight in the frame...no space. Would like to have seen the entire bear. Fortunately the bear is all wet.
Montgomery	Dean	Thick-Billed Murre	SFG	4	3	4	11	The bird is sharp. The lighting is a little harsh. The whites are blown out. Nice pose. Nice framing around the bird. Blends in with the background. Good job is separation of subject from the background.

Guerin	Jane	Bird's eye View of Lake Mead	SFG	4	5	5	14	A cool photo. Framing really makes the photo. The color saturation is really nice. Good shot from a clean window in a airplane.
Guerin	Jane	Courthouse - Lockhart, TX BEST MEETS ASSIGNMENT	SFA	3	4	5	12	Like this photo in spite of lamp post intruding in the right side. Verticals are really nice and straight. Time of day, maybe lighting a bit harsh.
Guerin	Jane	Wonalancet Christian Church	SFA	4	4	4	12	Nice composition, like the fall colors in contrast to green grass and church. The church is blown out. The far background is distracting. A little less grass would be better.
Blocker	Duane	Vatican Staircase	SFA	4	5	4	13	A really nice photo, nice exposure and composition. Like the way it gets lighter toward the top. A strong graphic image. People are distracting.
Macry	Dan	1867 Jailhouse	SFA	3	4	3	10	Photo a bit too centered. Nice detail in the shadows under the landing. Like the color of the sky. Tree looks a little muddy. Would have cropped left to remove building or house. White buildings on either side are distracting. Shot too straight on.
Macry	Dan	1888 Courthouse	SFA	3	3	4	10	Like the composition and angle of the shot. Sign and road construction a little distracting.
Drake	Alice	Ruins	SFA	4	4	4	12	A nice maybe a little over saturated photo. Diagonal lines are nice. Maybe crop a little of the foreground. Maybe taken a better time of day would have made a more interesting photo.
Drake	Alice	White Corn Poppy	LFG	3	4	4	11	A very sharp flower. Background is a little too busy. Need less of the background. Placed in dead center. Background spoils photo, maybe blurred the background.
Huey	Mary Paige	Best Friends	LFG	4	5	5	14	Great composition. Like the bright colors. Lighting is very nice. Might have been better if girls were more off center.
Huey	Mary Paige	Night Time in Antigua BEST MEETS ASSIGNMENT	LFA	4	4	5	13	A very dramatic photo with night lighting. Green window a little distracting.
Huey	Mary Paige	Old Church, Fresh White Wash	LFA	3	3	4	10	Like the photograph. Photo better without the sky. Would like to see more of the building as opposed to the hillside. Like the angle of the shot. Maybe a bit too much contrast. Less depth of field might have been better. Would worked well as a black and white. Maybe zoom in more of the graphic lines of the building.
